- Event Details

- Registration Procedure

- Potential Partners

- Perks of organising the event

# What Is It About?

- This will be an event orgainsed for only the members of GDSC.
- In this event a video conference will be set up between the developers student clubs of different colleges.
- The different colleges will share their work and ideas with each other.

# Domains Involved

- Web Development

- App Development

- Machine Learning

- Design

- Managerial

# Role Of The Team

- Different meets will be made for different domains.
- The clubs of different colleges can discuss ideas like
  - What have they done so far.
  - What else they can do to promote GDSC.
  - What are the future Event Ideas.
  - What changes could've made the other's projects even better
  - Future colaboration Ideas
- A quiz will be organised on the last day of the event for each domain based on the basis of what everyone has learnt so far.

# DAY-WISE DIVISION

**DAY 1 :** Getting to know more about the other participants ,having a brief discussion over the projects/events that GDSC of their college have conducted , upcoming projects/events ideas , possible collaborations between the clubs to work on a common project.

**DAY 2 :** All the clubs will showcase the best projects/events created/organised by their team along with a thorough discussion on every detail from technology to execution.

**DAY 3 :** A quiz will take place based on what have we learnt so far. One needs to be super attentive throughout the meetings to ace the quiz.

Scores of all the members of that college.

The college with the highest total score will be the winner of the quiz.

GDSCs of all the other colleges will have to upload a story promoting social media handles of the winner GDSC on their social media accounts.
